Kindlerye Baking Co. is pleased to offer a comprehensive benefits package for the 2026 plan year. This guide provides an overview of your available benefits and how to enroll.

COVERAGE EFFECTIVE 11/24/2026

2026 Open Enrollment

Open enrollment is the annual period when you can review your options and change your benefit elections for the year ahead. Elections you make now stay in place for the whole plan year.

During open enrollment you may:

- Enroll in or change medical, dental, and vision plans
- Update FSA contribution amounts
- Add or remove dependents
- Make changes to income protection coverage

Review your options and complete your elections during the enrollment window.

> ⓘ **Important:** You will not be automatically enrolled in any FSA. You must make a new election each year to participate in a Health FSA or Dependent Care FSA.

Questions about your benefits? Contact your benefits administrator.

Eligibility & Enrollment

Employees of Kindlerye Baking Co. who work at least 30 hours per week are eligible for benefits. Coverage begins on your first day of eligibility, subject to any plan waiting period.

Eligible Dependents

If you're eligible for benefits, you may also enroll the following dependents:

- Your legal spouse or domestic partner[1]
- Your children up to age 26, regardless of marital, student, or employment status
- Your children of any age if they are physically or mentally incapable of self-support
- Children for whom you have legal guardianship, including stepchildren and adopted children

Three Ways to Enroll

1

AS A NEW HIRE

Enroll within your first 30 days of employment.

2

DURING OPEN ENROLLMENT

Change your elections during the annual enrollment window.

3

QUALIFYING LIFE EVENTS

Request changes within 30 days of a qualifying event.

Qualifying Life Events

These are the events that let you change your elections mid-year:

- Marriage, divorce, or legal separation
- Birth, adoption, or placement for adoption
- Death of a covered dependent
- Change in your spouse's employment or coverage
- Change in a dependent's eligibility
- Change in residence affecting plan availability
- Court order (QMCSO) requiring coverage

ENROLLING IN BENEFITS

Coverage is effective 11/24/2026.

Proof of dependent eligibility may be required when you add a dependent — a marriage or birth certificate, for example. Tell your benefits administrator promptly if a dependent loses eligibility.

[1] Due to federal and state tax regulations, benefits provided to domestic partners are generally taxable to the employee unless the domestic partner qualifies as a tax dependent under IRS rules. Please consult a tax advisor for guidance specific to your situation.

Full-time employees (averaging 30+ hours per week) are eligible for Kindlerye's full benefits package including medical, dental, vision, life, disability, HSA/FSA, and voluntary plans. Part-time employees receive access to the EAP, 401(k) with match, the Daily Loaf, and café discount. Coverage for new hires starts the first of the month after 30 days of employment — a change from the prior 60-day wait. Open enrollment runs November 2–13, 2026, for a January 1, 2027 effective date. Enroll at benefits.kindlerye.com (company code KINDLE27) or call Northgate Benefits at (208) 555-0177.

Open enrollment meeting schedule

Date	Where	Times
Tue Nov 3	Boise Bakery, break room	4:30–6:30 a.m. (bake crew) and 1:00–3:00 p.m.
Wed Nov 4	Kindlerye Support Center, Boise (lunch is fresh bread, obviously)	11:30 a.m.–1:30 p.m.

Mon Nov 9	Virtual (Spanish), recorded	3:00–3:45 p.m. MT

Temporary staffing-agency workers and independent contractors are not eligible. There is no spousal surcharge.

New for 2027: a shorter wait. Coverage starts on the first day of the month after you complete 30 days of employment (it was 60 days in 2026). Your hire date counts as day 1.

You have 30 days from your hire date to enroll in the Kindlerye Benefits Hub. If you don't enroll in time, you can't enroll until the next open enrollment unless you have a qualifying life event. Kindlerye-paid Basic Life, AD&D, STD and LTD start automatically on the same date, if you are actively at work.

Moving from part-time to full-time? Coverage starts the first of the month after 30 days in the new role.

Rehired within 13 weeks of leaving? You're treated as a continuing employee: coverage resumes the first of the month after you return, with no new wait.

The 2027 stability period is based on hours from October 15, 2025 through October 14, 2026. Newly eligible variable-hour employees receive an enrollment notice from Northgate Benefits before open enrollment.

Domestic partners and imputed income. Unless your partner (and your partner's children) qualify as your tax dependents, the IRS treats the value of their coverage as taxable income to you. Kindlerye adds that value to your paycheck as imputed income, and the part of your contribution for their coverage is taken after tax.

Medical Plan Options

Medical Plans Summary

Harborline PPO 750 offers a low $750 deductible with higher premiums, covering most services after the deductible is met. Harborline PPO 2000 has a $2,000 deductible and moderate premiums, balancing cost and coverage. Harborline HSA 3500 is a high-deductible plan with lower premiums and an HSA you can fund tax-free for medical expenses. All three plans use a network of doctors and hospitals and cover preventive care at no cost. When choosing your plan, consider your budget, any planned procedures and other potential healthcare needs.

Where to Go for Care

Choosing the right care setting makes a real difference in both your experience and your out-of-pocket cost. The same treatment can cost many times more in an emergency room than in a primary care office or a virtual visit. Use this page to find the most appropriate — and most affordable — option for your situation.

TELEMEDICINE	PRIMARY CARE	URGENT CARE	EMERGENCY ROOM
$	$$	$$$	$$$$
Virtual visit, usually within the hour. No need to leave home.	Your doctor or a retail clinic. Appointment usually needed.	Walk in, no appointment. Evening and weekend hours.	Open 24/7 for true emergencies. Waits can run hours.

What to Use When

Where to Go	Common Conditions	What to Expect
Telemedicine	Cold and flu symptoms; allergies and sinus infections; pink eye, rashes and skin conditions; minor infections	Connect by phone or video, often within an hour, at any time of day
Primary Care Physician	Annual exams and preventive care; minor injuries and sprains; chronic condition management; vaccinations, lab work and screenings	Appointment usually needed, short waits, and a doctor who knows your history
Urgent Care	Cuts requiring stitches; minor fractures and burns; moderate fever and ear infections; sprains and muscle strains	No appointment needed, with extended evening and weekend hours
Emergency Room	Chest pain or difficulty breathing; severe bleeding or broken bones; loss of consciousness or stroke symptoms; severe allergic reactions	Open 24/7 and never turns anyone away, but wait times can be hours for non-urgent problems

When in doubt, call your doctor first. Many primary care offices offer same-day phone or video triage that can route you to the right setting and help you avoid an unnecessary emergency room visit. If you believe you are facing a life-threatening emergency, call 911 or go to the nearest emergency room.

Making the Most of Your Time Off

VACATION TIME

Take paid time to travel, relax, or simply step away. Time builds as you work throughout the year.

SICK & PERSONAL TIME

Stay home when you're not feeling well, for yourself or to care for a family member, without losing pay.

COMPANY HOLIDAYS

Enjoy paid company holidays throughout the year, in addition to your regular paid time off.

Leaves of Absence

When life events arise, you can take time off with job protection. You receive paid parental leave for births or adoptions. FMLA lets you take leave for serious health or family reasons. Bereavement leave gives you time to grieve a loss. All of these options are part of the Leave When Life Happens benefit.

Leave Policies

Leave Type	Details
Paid Parental Leave	4 weeks at 100% of pay for all new parents (birth, adoption, or foster placement); eligible after 6 months of service; must be taken within 12 months of birth or placement, all at once or in 1-week blocks; birth parents receive it on top of Short-Term Disability for recovery; runs concurrently with FMLA
FMLA	Up to 12 weeks of job-protected leave per year for own serious health condition, new child, or care for spouse, child or parent; requires 12 months of employment and 1,250 hours worked; FMLA itself is unpaid — PTO, Short-Term Disability, and parental leave provide pay during FMLA
Bereavement Leave	5 paid days for loss of spouse or partner, child, parent, sibling, grandparent, grandchild, or in-law; days may be taken when needed, not only immediately after the loss

Example: how Josie's leave adds up when her baby arrives

Week 1	Weeks 2–6	Weeks 7–10	Weeks 11–12
PTO	Evergreen Short-Term Disability: 60% of pay for recovery	Kindlerye paid parental leave: 100% of pay	PTO or unpaid FMLA
	Paid by Evergreen (Kindlerye pays the premium)	Paid by Kindlerye	Job protected throughout

Josie, a Boise bake-crew lead, has an uncomplicated delivery. Her partner Miguel, who works at the Eagle café, takes his own 4 weeks of paid parental leave when Josie goes back. A C-section usually means 8 weeks of STD instead of 6.

General FMLA Notice

EMPLOYEE RIGHTS UNDER THE FAMILY AND MEDICAL LEAVE ACT

The United States Department of Labor Wage and Hour Division

Leave Entitlements

Eligible employees who work for a covered employer can take up to 12 weeks of unpaid, job-protected leave in a 12-month period for the following reasons:

• The birth of a child or placement of a child for adoption or foster care; • To bond with a child (leave must be taken within 1 year of the child's birth or placement); • To care for the employee's spouse, child, or parent who has a qualifying serious health condition; • For the employee's own qualifying serious health condition that makes the employee unable to perform the employee's job; • For qualifying exigencies related to the foreign deployment of a military member who is the employee's spouse, child, or parent.

An eligible employee who is a covered servicemember's spouse, child, parent, or next of kin may also take up to 26 weeks of FMLA leave in a single 12-month period to care for the servicemember with a serious injury or illness.

An employee does not need to use leave in one block. When it is medically necessary or otherwise permitted, employees may take leave intermittently or on a reduced schedule.

Employees may choose, or an employer may require, use of accrued paid leave while taking FMLA leave. If an employee substitutes accrued paid leave for FMLA leave, the employee must comply with the employer's normal paid leave policies.

Benefits & Protections

While employees are on FMLA leave, employers must continue health insurance coverage as if the employees were not on leave.

Upon return from FMLA leave, most employees must be restored to the same job or one nearly identical to it with equivalent pay, benefits, and other employment terms and conditions.

An employer may not interfere with an individual's FMLA rights or retaliate against someone for using or trying to use FMLA leave, opposing any practice made unlawful by the FMLA, or being involved in any proceeding under or related to the FMLA.

Eligibility Requirements

General FMLA Notice

An employee who works for a covered employer must meet three criteria in order to be eligible for FMLA leave. The employee must:

• Have worked for the employer for at least 12 months; • Have at least 1,250 hours of service in the 12 months before taking leave;* and • Work at a location where the employer has at least 50 employees within 75 miles of the employee's worksite.

*Special "hours of service" requirements apply to airline flight crew employees.

Requesting Leave

Generally, employees must give 30-days' advance notice of the need for FMLA leave. If it is not possible to give 30-days' notice, an employee must notify the employer as soon as possible and, generally, follow the employer's usual procedures.

Employees do not have to share a medical diagnosis, but must provide enough information to the employer so it can determine if the leave qualifies for FMLA protection. Sufficient information could include informing an employer that the employee is or will be unable to perform his or her job functions, that a family member cannot perform daily activities, or that hospitalization or continuing medical treatment is necessary.

Employees must inform the employer if the need for leave is for a reason for which FMLA leave was previously taken or certified.

Employers can require a certification or periodic recertification supporting the need for leave. If the employer determines that the certification is incomplete, it must provide a written notice indicating what additional information is required.

Employer Responsibilities

Once an employer becomes aware that an employee's need for leave is for a reason that may qualify under the FMLA, the employer must notify the employee if he or she is eligible for FMLA leave and, if eligible, must also provide a notice of rights and responsibilities under the FMLA. If the employee is not eligible, the employer must provide a reason for ineligibility.

Employers must notify its employees if leave will be designated as FMLA leave, and if so, how much leave will be designated as FMLA leave.

Enforcement

Employees may file a complaint with the U.S. Department of Labor, Wage and Hour Division, or may bring a private lawsuit against an employer.

General FMLA Notice

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2025. Contact your State for more information on eligibility –

When you need immediate care, low-cost options are available

Smart ways to save time and money

Visit your PCP

Your primary care provider (PCP) is your first stop when you're sick or injured, and your prime resource for preventive services. No PCP? Log in at Aetna.com and use the provider search tool to find a doctor. In addition to your network of providers, you have access virtual primary care through CVS Health®.

Talk to a doctor 24/7

With CVS Health Virtual Care™, you can talk by video to a licensed provider who can diagnose and treat cold and flu symptoms, allergies, sinus infections and more. Visit CVS.com/virtual-care to get started. CVS Health Virtual Care™ is included as part of your Aetna® health plan.

Use in-network facilities

Most health care facilities accept insurance. But to pay less out of pocket, it's important to confirm that the location you choose is in your plan's network. To find providers, walk-in clinics or urgent care centers, log in at Aetna.com, use the Aetna Health℠ app or call Aetna Member Services using the number on your ID card.

Avoid freestanding emergency rooms (ERs)

Not all ERs are located within a hospital. Many operate as separate freestanding ERs and can easily be confused with urgent care centers. If a facility has the word "emergency" in its name, you'll be billed the higher cost for services as though you went to a hospital ER.

Aetna.com 2702754-01-01 (10/23)

The ER isn't always your best choice

If it's a true emergency and your life is in danger, call 911 or go to the nearest emergency room (ER). If not, you have much less expensive options to choose from.

To find walk-in clinic and urgent care center locations, log in at Aetna.com or use the Aetna Health℠ app.
